## Low Iron Universal Food

Teurling's Tovo Universal Food consists of a natural composition of selected raw materials, which makes the iron content effectively under 65 ppm. Tovo is strongly enriched with amino acids, in accordance to the natural needs of the birds. Tovo is a basic food for both fruit- and insectivorous birds.

Due to the low iron content, Tovo is ideal for toucans, leaf birds, touracos, barbets, hornbills etc.
