

## NECTAR~COLIBRI

**Product:** **Nectar~Colibri**

**Description:** Avian Nectar is a complete and balanced Dutch-made feeding for your delicate hummingbirds. Avian Nectar will provide you with an easy-to-make water-soluble solution which will give you a time-saving and problem-free diet. The Avian Nectar formula has provided excellent results with several hummingbird breeders in Holland.

**Contents:** Avian Nectar contains a balanced mix of the best ingredients such as: carbohydrates, protein, fats, vitamins, minerals, trace-elements and amino acids in L form. It contains 3% protein.

**Minerals:** Potassium, calcium, magnesium, phosphorous.

**Trace elements:** copper, manganese, zinc, molybden, iodine, fluoride

**Vitamins:** A, D<sup>3</sup>, E, K<sup>1</sup>, B<sup>1</sup>, Nicotinamide, B<sup>6</sup>, Folic acid, Panthothenic acid, B<sup>12</sup>, Biotin.

**Amino-Acids.:** L-Alanin, L-Arginin, L-Asparagin, L-Cystin, L-Glutamin, Glycin, L-Histidin, L-Isoleucin, L-Leucin, L-Methionin, L-Prolin, L-Phenylalanin, L-Serin, L-Threonin, L-Tryptophan, L-Tyrosin, L-Valin.

**Packings:** 1000 gramme alufoil bags.

**Preparation:** Slowly add the nectar powder to lukewarm water stirring constantly to dissolve. Freshly made Avian Nectar will hold for 12 hours. As all liquids containing protein it will acidify in the course of the day and, as sunlight will speed up the acidification, we do advise you to make fresh nectar twice a day.

**Dosage:** Hummingbirds: 10 gramme per 100 ml of luke warm water.
