

NutriBoost

Vitamin, mineral “booster”
for over food source animals by reptiles,
and avian pets

Product: NutriBoost

Description:

By supplementing the birds diet with additional vitamins and minerals, multivitamins can be a valuable tool for those with dietary imbalances or different nutritional needs. NutriBoost is a specially designed multi vitamin for the group of European common birds which do need a high contents of Vitamin B-complex along with the rest of the essential vitamins and minerals. NutriBoost is a formula tailor made to the needs of this group of birds, a well designed balanced combination of our AviVit B-50 complex, VitaTotaal, Avi~Stress mix and Spirulina. NutriBoost is more complete than B-complex vitamins alone and is recommended to improve overall micronutrient intake and prevent deficiencies. The vitamin B-complex refers to all of the known essential water-soluble vitamins except for vitamin C. These include vitamin B1, vitamin B2, niacin, pantothenic acid, vitamin B6, biotin, folic acid and vitamin B12. Each member of the B-complex has a unique structure and performs unique functions in the body. Vitamins B1, B2, B3, and biotin participate in different aspects of energy production, vitamin B6 is essential for amino acids metabolism, and vitamin B12 and folic acid facilitate steps required for cell division. Minerals are important components for the health. Without the help of minerals for instance the vitamins cannot work in the body. Iron is transporting oxygen through the body. Minerals also play an important role in the growth, maintenance and recovery of tissues. Minerals are also needed for the contraction of muscles, the functioning of the nerves and in the energy household. When a sufficient varied diet is used a minerals deficiency will not develop fast. A decreased appetite, a strict diet or medicine use can lead to a mineral deficiency. Tiredness is often the first signal. NutriBoost is designed to be sprinkled daily onto your live food as moth larvae, pinky's, mealworms and buffalo's. NutriBoost is een special mix of our VitaTotaal, Spirulina, Avi~Stress mix and AviVit B-50. It contains: Vitamin A, pro-Vitamin A, beta-caroteen, Vitamin D3, Vitamin D, Vitamin B1, Vitamin B2, Vitamin B3, Vitamin B6, Vitamin B12, Vitamin C, Vitamin E, Vitamin K1, Vitamin K3, Niacin, Nicotinamide, calcium-D-panthotenat, biotin, folic acid, copper, zinc, mangan, iron, cobalt, chrom, phosphor, jod, selenium, molybden, magnesium, L-alanin, L-arginin, L-methionin, L-threonin, L-tryptophan, L-isoleucin, phenylalanin, cystin, lysin, spirulina platensis en natural electrolyts.
