

5342 large parakeet

complete mixture. For large parakeets

feeding advice

- give fresh birdseed daily
- give unlimited grit and sharp stomach gravel; sprinkle this on the floor of the aviary or put it in a separate bowl
- make sure there's cuttlefish for the extra minerals (among which calcium). That is good for the eggs. Furthermore, the birds can sharpen their beaks on the cuttlefish
- during the breeding and moulting seasons give extra fats and proteins with egg food
- supplement now and then with some herbs, foxtail millet, fruits, willow twigs, or vegetables (no avocado)
- always make sure there's enough fresh drinking water

Composition:

millet yellow, canaryseed, sunflowerseed striped small, oats peeled, wheat pigeon, sunflowerseed white, safflowerseed, oats, buckwheat, dari red, linseeds, millet red, hempseed, paddyrice

Analytical constituents/kg

crude protein 12,6 %, crude fat 9 %, crude fiber 11,6 %, crude ash 3,1 %
