

5313 parrot melange*

complete mixture with stomach gravel. For all parrots. *This product is also available without hempseed for export purposes.

feeding advice

- give fresh birdseed daily
- give unlimited grit and sharp stomach gravel; sprinkle this on the floor of the aviary or put it in a separate bowl
- make sure there's cuttlefish for the extra minerals (among which calcium). That is good for the eggs. Furthermore, the birds can sharpen their beaks on the cuttlefish
- during the breeding and moulting seasons give extra fats and proteins with egg food
- supplement now and then with fruits, willow twigs, leaf buds, or vegetables (no avocado)
- always make sure there's enough fresh drinking water

Composition:

buckwheat, paddyrice, oats, millet yellow, sunflowerseed striped small, safflowerseed, canaryseed, hempseed, sunflowerseed white, linseeds, cucumber seeds, rice, mungbeans, cedarnuts, maize cracked La Plata, pumpkin seed, rosehips, stomach grit
