

6004 camala chunk (bactrian camel, llama, alpaca)

complete 5,5 mm chunk. Suitable for all camelids from young to old

feeding advice

- divide the daily necessary amount of feed into two parts and feed twice daily
- always give unlimited rye or oat straw and a limited amount of long, fibrous hay (in total about 1 kg roughage per 100 kg bodyweight) plus 6004 camala chunk (see table below)
- give no further supplements. Bread and most kitchen scraps are unacceptable as supplements
- create several feeding spots some distance from each other so that all the animals can eat in peace
- give the animals daily unlimited water
- feed at the end of gestation and during lactation 30 – 50% more than normal
