

## 5068 guinea pig pellet with vitamin C

complete, fibre-rich pellet with extra vitamin C. Suitable for all guinea pigs

### feeding advice

- always feed guinea pigs straw or hay. They need a lot of extra fibres
- vegetable or fruit supplements can be given, but are not necessary, thanks to the vitamin C in the feed
- give guinea pigs daily fresh feed; about 30 – 45 grams per day per animal
- do not give too much feed, so that the guinea pigs eat their dishes clean. Otherwise they only eat the most tasty bits (selective feeding) and leave the other necessary nutrients behind.
- if the guinea pigs eat too selectively, feed preferably pellets

### Composition:

linseed fibers, soya dehulled extracted toasted, maize, barley, beet pulp, St. John's bread, rape seed extracted, linseed expeller, maizemash, gelatinized maize, apple molasses, palm kernel meal, sunflowerseed black, linseeds, shell grit, lecithin, lignobond

### Analytical constituents/kg

crude protein 15,0 %, crude fat 4,6 %, crude fiber 13,1 %, crude ash 8,6 %, calcium 10,97 g, phosphorus 6,71 g, sodium 2,58 g

### Addition/kg Vitamins

3a672a Vitamin(e) A 10000 IE, 3a671 Vitamin(e) D3 1000 IE, 3a300 Vitamin(e) C 2550 mg, 3a700 Vitamin(e) E 87 mg

### Addition/kg Traces

copper (3b413 Cu-chelate of glycine hydrate) 18 mg, zinc (3b607 Zn-chelate of glycine hydrate) 75 mg, manganese (3b506 Mn-chelate of glycine hydrate) 27 mg, iron (3b103 Fe-sulphate, monohydrate) 75 mg, cobalt (3b304 coated granules cobalt(II)carbonate) 0.5 mg, iodine (3b202 calcium iodate anhydrous) 1 mg, selenium (3b8.12 Se-organic CNCM 1-3399) 0.2 mg
