

6504 hamster and rat

complete, tasty mixture with vegetables and animal protein. Very diverse and easily digested. For all hamsters, rats and gerbils

feeding advice

- a dwarf hamster eats about 6 grams of feed per day, a Syrian hamster about 10 grams
- give hamsters fresh food every other day, because by habit they put a bit of food aside. They hamster!
- supplement of greens can be given, but is not necessary
- it's alright to give regular little bits of animal products, such as chunks of cheese
- give fresh water daily
