

5065 rabbit breeder pellet

complete pellet. Provides the fundamental nutritional needs of rabbits and can also be used as breeding feed. Also very suitable for larger breeds of rabbits

feeding advice for rabbits in and about the house

- the amount of feed rabbits need depends on their size, their level of activity, the ambient temperature, and if any supplements are given
- give fresh hay and straw daily: these raw fibres are necessary for their digestion
- give fresh water daily
- most rabbits eat daily 2.5 -3.5% of their body weight in feed
