

RAW MEAT SUPPLEMENT

for dogs and cats

- This supplement contains no calcium and is therefore very suitable to supplement a raw meat diet with a sufficient amount of bones.

- Contains all required vitamins and minerals, according to the European guidelines, by dogs and cats.

- The recommended dosage is easy to administer with the enclosed measuring spoon.

Feeding advise:

Body weight (kg)	Measuring spoon(s) per day
1-5	0,5 every other day
5-10	0,5
10-20	1
20-30	1,5
>30	2

* One measuring spoon contains +/- 4 g supplement

Analytical constituents and additions:

Moisture	%	4,9	Manganese	ppm	500	Vitamins		
Protein	%	36,7	Copper	ppm	300	Vitamin A	IE/kg	300.000
Fat	%	1,3	Iodine	ppm	70	Vitamin D3	IE/kg	70.000
Fibre	%	1,1	Selenium	ppm	8	Vitamin E	IE/kg	10.000
Starch	%	4,6	Amino acids			Thiamin (B1)	ppm	300
Sugar	%	0,9	Taurine	%	5,0	Riboflavin (B2)	ppm	300
Ash	%	23,6	Lysine	%	2,2	Niacin (PP)	ppm	1.500
Minerals			Methionine	%	0,5	Pantothenic Acid	ppm	400
Calcium	%	0,3	Threonine	%	1,6	Pyridoxine (B6)	ppm	300
Phosphorus	%	1,8	Tryptofaan	%	0,4	Vitamin B12	µg/kg	1.200
Potassium	%	4,0	L-Carnitine	%	0,2	Biotin (B8)	ppm	5.000
Magnesium	%	2,0	Valine	%	1,7	Vitamin B4	ppm	20.000
Sodium	%	1,0	Glycine	%	1,5	Folic acid (B9)	ppm	40
Chlorine	%	3,0	Fatty acids	%		Ascorbic Acid	ppm	3.000
Iron	ppm	800	Ω3	ppm	1.000			
Zinc	ppm	2.000	Ω6	ppm	100			

Composition:

Brewers yeast, sodium bicarbonate, vitamins and minerals
