

# SALVANA ELEPHANT BISCUIT

## Mineral feed supplement for elephants

With these elephant biscuits, vitamins and minerals can be supplemented very precisely. For elephants, roughage is the most important part of the diet. With this product you add only the necessary vitamins and minerals and no unnecessary calories. The convenient shape of the product allows you to feed them individually to each animal. This ensures that each animal gets all the nutrients it needs.

### Analysis

Moisture	10%
Protein	5,4%

Further B vitamins are included	

### Composition

Apple pomace, maize (puffed), calcium carbonate, sodium chloride, wheat bran, beet molasses, pregelatinised wheat starch, monocalcium phosphate, dicalcium phosphate, magnesium oxide.

### Product form

25 kg box with 144 biscuits (ca. 175 g per biscuit)

Size biscuit: 12 x 5,5 cm

### Feeding advice

Feed up to 1% of the daily ration. On average this means per day:

Calves: 0,5 biscuit

Adult females: 1 biscuit

Adult bulls: 2 biscuits

This complementary feed must only be used as a supplement due to the higher contents of vitamin D3 and trace elements.
